

Fiori. Dating App

Bug Report Examples

This presentation demonstrates the results of working with the Microsoft Excel tool to report bugs and contains screenshots of bug reports.

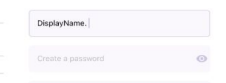

Here are some examples of bug reports for bugs found in the Fiori mobile dating app.

Bug Report #1

Bug Report #01

#	A	B	C	D	E
1	Bug Report #01 - The Display Name field - the Name can't be edited if you put a dot after that				
2					
3					
4	PreConditions:	1. Open the mobile app Fiori. 2. Go to an account creation by phone number. Use any valid phone number to create a new account.			
5	Bug Report Description:	In the Display Name field, you can put a dot (invalid symbol) with a double tap on the Space button on the smartphone keyboard. After this action, the name in the Display Name field cannot be edited			
6	PostConditions:	1. Delete the account. 2. Close the app.			
7	Severity:	Critical			
8	Environment	Fiori, v. 1.0.2 (19). Model: iPhone 7 Plus. iOS: 13.3. Network: LTE. Location: enabled when using the application.			
9	Steps to reproduce				
10	#	Action	Actual Result	Expected Result	
11	1	Enter a valid phone number			
12	2	Confirm the phone number			
13	3	Enter a name in the Display Name field			
14	4	Put a dot with a double tap on the Space button on the smartphone keyboard after the name	1. The dot appears after the name. 2. The application does not allow to deletion of the dot. 3. The name cannot be edited.	1. The dot appears after the name. 2. The application allows to delete the dot. 3. The name can be edited.	
15	Attachments:	1. The screenshot is on the right side of the table. 2. The video with the bug can be viewed at https://www.screencast.com/t/AIX1KP48bv

Bug Report #2

Bug report #02									
File Edit View Insert Format Data Tools Help									
Q Menu									
124									
A	B	C	D	E	F				
Bug Report #02 - Settings - Security - Change password - The Password and Confirm Password fields accept values less than the 6 characters									
PreConditions:	1. Open the mobile app Fiori. 2. Ceate a new account by phone number. Use any valid phone number to create a new account.								
Bug Report Description:	After creating an account with a required password of at least 6 characters, you can change it to a password of 5 characters and then log in using this password.								
PostConditions:	1. Delete the account. 2. Close the app.								
Severity:	Critical								
Environment	Fiori, v. 1.0.2 (19). Model: iPhone 7 Plus. v.iOS: 13.3. Network: LTE. Location: enabled when using the application.								
Steps to reproduce									
#	Action	Actual Result		Expected Result					
1	Tap the Settings button								
2	Tap the Security menu								
3	Tap the Change password menu								
4	Confirm a phone number								
5	Enter a password that is less than 6 characters in length (for example, 5 characters) in the Password field								
6	Enter the same password in the Confirm password field								
7	Tap the Confirm button	1. The message is not displayed. 2. The password is changed.		1. The message is displayed that the password must be at least 6 characters in length. 2. The password is not changed.					
Notes:	Requirements for the Password field for authorization - at least 4 characters (see screen), and for registration - at least 6 characters								
Attachments:									

Bug Report #3

Bug report #03

#	A	B	C	D	E
1					
2	Bug Report #03 - Create a new account by phone number that is already registered				
3					
4	PreConditions:	1. Open the mobile app Fiori. 2. Ceate a new account by phone number. 3. Log out. Use any valid phone number to create a new account.			
5	Bug Report Description:	If you enter a phone number that is already registered when creating a new account, then instead of the message "This number is already registered" the message "Incorrect number" is displayed.			
6	PostConditions:	1. Delete the account. 2. Close the app.			
7	Severity:	Major			
8	Environment	Fiori, v. 1.0.2 (19). Model: iPhone 7 Plus. v.iOS: 13.3. Network: LTE. Location: enabled when using the application.			
9	Steps to reproduce				
10	#	Action	Actual Result	Expected Result	
11	1	Tap the Create account button			
12	2	Select a date of birth			
13	3	Enter a phone number that you used when creating the account			
14	4	Tap the Send code via SMS button	The message "Incorrect number" is displayed.	The message "This phone number is already registered" is displayed.	
15	Attachments:	1. The screenshot is on the right side of the table. 2. The video with the bug can be viewed at https://www.screencast.com/t/RVw8DAbqKa			
16

18					
19					
20					
21					
22					
23					
24					
25					
26					
27					

The screenshot shows the 'New Account' screen of the Fiori mobile app. At the top, it says 'We are using your phone number for verification purposes only'. Below this, there's a field for the phone number with a dropdown menu showing '+380 >'. A red button labeled 'Send code via SMS' is visible. In the center, a white modal box displays the error message 'Incorrect number' with an 'Ok' button. At the bottom, there's a black button labeled 'Continue with Apple'. A footer note states: 'Your social channels will NOT be shown to the public and will ONLY be used for authorization'. At the very bottom, it asks 'Already have an account? Sign in'.

3		Bug Report #05 - The page with the error message "Oops, something went wrong," opens after clicking the Verify email button			
4	PreConditions:	1. Open the mobile app. 2. Create a new account with Google. Use any valid Google account.			
5	Bug Report Description:	It's not possible to confirm an email when creating a new account. The page with the error message "Oops, something went wrong," opens after clicking the Verify Email button in the email for the verification			
6	PostConditions:	1. Delete the account. 2. Close the app.			
7	Severity:	Critical			
8	Environment	Fiori, v. 1.0.2 (19). Model: iPhone 7 Plus. v.iOS: 13.3. Network: LTE. Location: enabled when using the application.			
9	Steps to reproduce				
10	#	Action	Actual Result	Expected Result	
11	1	Go to the Gmail that you used when creating the account			
12	2	Open the email you received to confirm your email			
13	3	Click the Verify Email button	1. The email is not confirmed. 2. The page with the error message "Oops, something went wrong," opens.	1. The e-mail is successfully confirmed. 2. The page with the text of a successful email confirmation opens.	
14	Notes:	When you click on the confirmation email link, the same error is reproduced in the same letter			
15	Attachments:	1. The screenshot is on the right side of the table. 2. The video with the bug can be viewed at https://www.screencast.com/t/gfivBSJTBgG

The screenshot shows a mobile app interface with a white background and a purple/pink gradient on the right side. At the top, there's a status bar with 'Vodafone UA LTE', '16:12', and '44%'. Below the status bar, there's a header with 'fotobo' and 'fiori.co'. The main content area displays the error message 'Oops, something went wrong' in a large, bold, black font. Below it, in a smaller font, it says 'Sorry, something went wrong.' and 'Try again' with a button.
