Agoda. Online Booking

Bug Report Examples

This presentation demonstrates the results of working with the Jira software tool and contains screenshots of bug reports. Here are some examples of bug reports for bugs found on the Agoda website.

Bug Report #1

The background screen scrolls in the open Language Selection pop-up as you scroll through its contents

🔒 👁 1 👍 🔗 ···

To Do ⌄   🏷 Actions ⌄

Attach | 👥 Add a child issue | 🔗 Link issue ⌄ | ···

Details ⌃

Environment

Device: MacBook Pro.

OS version: macOS 13.0.

Browser: Google Chrome.

Browser version: 120.0.6099.109 (Official Build) (x86_64).

Build version: in production.

Assignee	👤 Unassigned
	Assign to me
Labels	FE UI bug header
	main_page
Parent NEW	🟦 AG-69 Main Page
Sprint	AG Sprint 1
Story point estimate	None
Reporter	AM Anastasiia Melnyk

Priority ⌄ Low

Description

Steps to reproduce:

1. Go to the main page.
2. Click the Language Selection button in the header.
3. In the open Language Selection pop-up, scroll up and down through its contents.
4. Pay attention to the behaviour of the background screen as you scroll.

Actual Result:

The background screen scrolls as you scroll through the contents of the pop-up.

Expected Result:

The background screen is static and does not scroll.

Bug Report #2

The edge carousel slides are cropped in the Popular Destinations carousel on the main page while navigating it

🔗 Attach   🗂 Add a child issue   🔗 Link issue   ⌄   •••

Environment

Device: MacBook Pro.

OS version: macOS 13.0.

Browser: Google Chrome.

Browser version: 120.0.6099.109 (Official Build) (x86_64).

Build version: in production.

Priority   ⌄   Low

Description
Steps to reproduce:

1. Go to the main page.
2. Scroll down to the Popular Destinations carousel.
3. Navigate through it.
4. Pay attention to the display of edge slides of the carousel.

Actual Result:

The edge carousel slides are cropped.

Expected Result:

The edge carousel slides are not cropped and displayed correctly.

Bug Report #3

Projects / 🏨 Agoda / 🟦 AG-69 / 🟥 AG-67

🔒 👁 1 👍 🔗 •••

The name of the button extends beyond the edges of the button on the Covid banner on the main page when you switch to the Ukrainian localisation

To Do ▾   🏷 Actions ▾

📎 Attach   🔀 Add a child issue   🔗 Link issue   ▾   •••

Environment

Device: MacBook Pro.

OS version: macOS 13.0.

Browser: Google Chrome.

Browser version: 120.0.6099.109 (Official Build) (x86_64).

Build version: in production.

Priority	≡ Medium

Description
Steps to reproduce:

1. Go to the main page.
2. Switch to the Ukrainian localisation.
3. Pay attention to the name of the "Дізнатися більше" button on the Covid banner.

Actual Result:

The button's name extends beyond the edges of the button.

Expected Result:

The button's name does not extend beyond the edges of the button and displays correctly.

Notes:

This also reproduces in the Lithuanian and Polish localisations.

Bug Report #4

Projects / 🔷 Agoda / 🟦 AG-1 / 🟥 AG-68

The incorrect check-in date is displayed by default in the Accommodation Search box when you open the Hotels & Homes page

🔗 Attach | 🔧 Add a child issue | 🔗 Link issue | ▾ | •••

Environment

Device: MacBook Pro.

OS version: macOS 13.0.

Browser: Google Chrome.

Browser version: 120.0.6099.109 (Official Build) (x86_64).

Build version: in production.

Priority   = Medium

Description
Steps to reproduce:

1. Go to the Hotels & Homes page.
2. Go to the Accommodation Search box.
3. Check which the check-in date is displayed in the Check-in input field.

Actual Result:

The default date is today's date + 9 days.

Expected Result:

The default date is today's date.

Bug Report #5

The Right Arrow button disappears from the Popular Destinations carousel on the main page as you reach the last slide

🔗 Attach   🔗 Add a child issue   🔗 Link issue   ⌄   •••

Environment

Device: MacBook Pro.

OS version: macOS 13.0.

Browser: Google Chrome.

Browser version: 120.0.6099.109 (Official Build) (x86_64).

Build version: in production.

Priority	⌄	Low

Description

Steps to reproduce:

1. Go to the main page.
2. Scroll down to the Popular Destinations carousel.
3. Navigate to the last slide.
4. Check if the Right Arrow button displays.

Actual Result:

The Right Arrow button disappears as you reach the last slide.

Expected Result:

The Right Arrow button should be present as you reach the last slide to move the slides from last to first.

Notes:

This also reproduces for the Left Arrow button.

Bug Report #6

Projects / 🟦 Agoda / 🟪 AG-69 / 🟥 AG-71

The icon of the Currency Selection button is displayed differently on the Create Account page and the main page when you navigate between them

🔗 Attach | 🔲 Add a child issue | 🔗 Link issue | ⌄ | •••

Environment

Device: MacBook Pro.

OS version: macOS 13.0.

Browser: Google Chrome.

Browser version: 120.0.6099.109 (Official Build) (x86_64).

Build version: in production.

Priority   ⌄   Low

Description

Steps to reproduce:

1. Go to the main page.
2. Pay attention to the display of the Currency Selection button in the header.
3. Go to the Create Account page by clicking the Create Account button.
4. Pay attention to the display of the Currency Selection button in the header.

Actual Result:

The icons of the Currency Selection buttons differ.

Expected Result:

The icons of the Currency Selection buttons are the same.

Notes:

This also reproduces for the Sign-in page.

Bug Report #9

Projects / 🔷 Agoda / 🟦 AG-1 / 🟥 AG-75

Yesterday's date is active and can be selected in the Accommodation Search box after 2 pm today

🔗 Attach   👥 Add a child issue   🔗 Link issue   ⌄   •••

Environment
Device: MacBook Pro.

OS version: macOS 13.0.

Browser: Google Chrome.

Browser version: 120.0.6099.109 (Official Build) (x86_64).

Build version: in production.

Priority   ═ Medium

Description
Precondition:

To reproduce this bug, the date and time must be today after 2 pm.

Steps to reproduce:

1. Go to the Hotels & Homes page.
2. Go to the Accommodation Search box.
3. Click the Check-in date input field.
4. Check how yesterday's date is displayed.

Actual Result:

Yesterday's date is active and selectable.

Expected Result:

Yesterday's date is inactive and not selectable.
